

Millennium High School | 02M418

Our mission is to provide a challenging academic program. Students take core curriculum courses in grades 9 and 10 that includes a two-year sequence of biology, chemistry, English, math, and global studies. They choose their courses in grades 11 and 12. Every entering 9th grader is assigned an advisor and an advisory group of 15 to 20 students for all 4 years. We offer a comprehensive college counseling program, which includes direct instruction and individualized support in the college application process from our college counselors. An 18-week college process curriculum, spanning 11th and 12th grades, is delivered to advisory groups during dedicated sessions throughout the school day.
